## *Coloring Pages*

Produced by the Indiana Hunter Education Association and the Indiana Hunter Education Program  
in memory of F/Sgt. Karl Kelley

**In Memory of  
Conservation Officer, First Sergeant, Karl Kelley**

Karl gave his life in a water rescue training session in April, 1998.

He was very dedicated to the Hunter Education program.

This Indiana Hunter Education coloring book,  
which depicts just a few of the  
safety rules to remember when using a firearm,  
was produced by the Indiana Hunter Education Association in conjunction  
with the Indiana Hunter Education Program.

This book is dedicated to all of the volunteer Hunter Education instructors  
in the State of Indiana who put many hours of hard work into  
making this program a success. THANK YOU !

We would also like to thank  
Shawn P. Mahoney  
for drawing the pictures and designing this book.
